\_\_\_\_\_ (please inter the serial number of your Futrex unit which is located on the reverse side!!!)

Please briefly describe the failure or failures of your unit and other requested services:

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

Please send your Futrex unit to the above address for inspection and evaluation. Shipping costs to and from DCK med GmbH is the responsibility of the sender. After inspecting and evaluating your unit, we will send you a cost estimate.

Upon receipt of repair approval, your unit will be repaired within 1 – 2 working days. If the necessary repair parts are not available and must be order, or for some unexpected reason it will take longer to repair your units, DCK med will contact you immediately to inform you of the estimated time of completion of the repair.

**Insure that your \*Futrex unit is properly packed! – Packing material with padding should be used to prevent damage to your unit during shipment. If possible, ship it in your original carrying case.**

**Please insure that you the \*Light Wand, \*Optical Standard, A/C Adapter and if available your service booklet. \*All parts must have the same serial number!**
